Permanent Water Saving Rules

Residential and commercial gardens and lawns
- A watering can, a bucket or a hand-held hose fitted with a trigger nozzle can be used at any time.
- Watering systems, including sprinklers, can be used between 6:00pm and 10:00am.

Hard surfaces
A high pressure cleaning device, a bucket or a hand-held hose fitted with a trigger nozzle may be used:
- in response to an accident, fire, health hazard, safety hazard or other emergency
- to clean staining on a surface once per season (i.e. summer, autumn, winter and spring), or
- in the course of construction or renovations.

Vehicles
- A bucket, hand held hose fitted with a trigger nozzle or a high pressure cleaning device can be used at any time.

Public gardens and lawns
- A watering can, a bucket or a hand-held hose fitted with a trigger nozzle can be used at any time.
- Watering systems, including sprinklers, can be used between 6:00pm and 10:00am but must be fitted with a rain or soil moisture sensor.

Fountains and water features
- Must recirculate water.
